A Message From MAC President Dr. Muhammad Babar

Dear Friends and Supporters,

Happy New Year! As we enter this decade, collaboration with our friends across the interfaith community has the opportunity to reach new heights! We've seen so much compassion and care for our fellow human beings through the events and programs MAC has been a part of, there's no limit to the lives we can touch in the year to come.

Please keep up in your thoughts as opportunities to serve arise. Check our website at www.macus.org to learn about our latest projects and to learn of opportunities to serve.

Peace and Blessings,
Muhammad Babar MD, MBA, MSc
